

Request for Proposals (RFP)
Ventura County Continuum of Care (CoC)
Issued August 12, 2022

INTRODUCTION

As the Collaborative Applicant for the Ventura County Continuum of Care, the County of Ventura's County Executive Office is accepting proposals for new projects or the expansion of current housing projects as well as new Domestic Violence (DV) projects with Continuum of Care Homeless Assistance funding from the U.S. Department of Housing and Urban Development (HUD).

Ventura County Continuum of Care (VC CoC) is soliciting proposals that address housing and service priorities established through the VC CoC Board, with a high priority for the creation of new Permanent Supportive Housing dedicated to chronically homeless persons with a housing first approach.

VC CoC is eligible to apply to HUD for up to \$183,461 in CoC Bonus funding and \$366,922 in Domestic Violence (DV) Bonus funding for a total of \$550,383 in new funding.

The following list is prioritized based on current needs in the Ventura County CoC service system:

1. **NEW Permanent Supportive Housing (PSH)** dedicated to chronically homeless persons. New PSH projects will create new units of PSH through new projects or expanding the number of units at an existing project;
2. **Supportive Services Only for Coordinated Entry (SSO-CE)** to provide outreach to connect homeless persons and families to resources through coordinated entry including providing housing navigation to assist with obtaining eligibility documentation and connection to housing resources. The VC CoC will only accept SSO-CE applications for this project type that serve the full region and partner with the CoC and HMIS Lead agency to carry out eligible activities;
4. **NEW Permanent Housing-Rapid Re-Housing (PH-RRH)** that will increase the number of dedicated units that serve homeless individuals and families including unaccompanied youth. New PH-RRH projects can be new or expansion of existing PH-RRH projects that increase units and the number of persons/households served. Applicants must have a clear method of identifying and securing new housing units in their application and demonstrate how the new project will function as part of the larger system of PH-RRH assistance and meet an unmet need;
5. **NEW Joint Transitional Housing and Rapid Re-Housing (TH-RRH)** that will increase the number of beds to serve homeless individuals and families including unaccompanied youth (24 CFR 578.3). TH-RRH projects are limited to serving program participants for up to 24 months;

The projects being solicited must be innovative and highly effective and increase housing resources for vulnerable populations or build capacity within Pathways to Home, the local coordinated entry system. Competitive projects will create additional housing inventory for this population through tenant based or project based rental assistance or leasing. Projects are encouraged to show collaboration among providers and leverage mainstream resources to support highly vulnerable chronically homeless

individuals and those who qualify under paragraphs 1, 2 or 4 of 24 CFR 578.3. Priority will be for projects that have a plan for securing dedicated housing units for the project.

PRIORITY NEW PROJECTS

Under the FY22 HUD CoC NOFO, additional points may be received for CoCs that submit new project applications that utilize housing subsidies or subsidized housing units not funded by HUD Continuum of Care or Emergency Solutions Grant (ESG) funding.
